To,  
Mr. Daren Tang, Director General of WIPO, International Bureau  
Mrs. Reischle Matthias, Legal Officer at WIPO,  
and Mrs. Agnes, The contact for all subjects related to the PCT international application  
PCT/US2014/046619

I am the inventor to patent US 8,910,998 B1, recognized worldwide by PCT international application PCT/US2014/046619. From my past communications to you, you are familiar with my work including the copyrights in my name for Project Earthling©, United Nations Global Governance Model 2020©, and Right perspectives for the World (Copyright application filed). Given the breach of PCT articles 18(2) and 19(1) by uspto on 5-8-2015, and the resulting 62 sale agreements that must be executed, one each with each of the 62 world countries, transitioning into 'New world order' is in the ideal interest of planet Earth and the 193 world countries.

I attach a document, pdf file 'Transition into new world order', with this communication that I would request you to 'read in detail' at your earliest convenience, since WIPO, International Bureau, that administers the Patent cooperation Treaty with all 193 world country delegates as members, will be the anchor organization that will enable this transformation. Do not hesitate to write to me with your questions or remarks.
