I request you to read all the 'Right perspectives for the world' at the following two webpages. Further, I request that you read them in detail and by giving highest importance to them, since it has to do with transitioning the 'old world order' into 'new world order' which will benefit all 191 world countries and all the world citizens.

We are talking real independence to the 191 world countries, bringing in economic equality, trade equality, and business equality across all the world countries. Further, the macro-reforms end all forms of slavery on planet earth.
