

## **TRANSITION INTO NEW WORLD ORDER**

**BY SRINIVAS S. DEVATHI**

### **METHODICAL AND PLANNED APPROACH FOR TRANSITION.**

Planet Earth, 191 world countries, and over 9 Billion human beings have been living in a flawed system, a rouge old world order run by usa by printing unlimited usd \$, to impose inequality, impose all forms of slavery, impose all forms of exploitation, and cheat everyone by keeping many in ignorance. They have pushed the limits of exploitation by chasing psychotic objectives to live until 1000 years by killing many people from across the world, for organ harvesting and in that heart harvesting and heart transplant. This must be stopped and the old world order must be ended.

#### Step 1, Introduction of Project Earthling© by me to 193 countries.

In accordance with my authored macro-economic reform 'Project Earthling©', copyright registration number L-81033/2019, issued on 22/2/2019 by Indian copyright office, which along with additional details, a comparative document of usd v/s Earthling, that has been shared with you and are available at my website Srinivasdevathi.com, at webpage Project Earthling©, the first step in correcting this flawed world we live in, is to take this macro-economic reform 'Project Earthling©' live. The reform must be introduced by me to 193 world country delegates, at a WIPO assembly session.

#### Step 2, Bring Project Earthling© to decisive voting.

After I introduce the macro-economic reform, it must be brought for its decisive voting of all 193 world countries, for its implementation, to be taken live. Given the enormous benefits of the macro-reform, we must expect that it would be voted in with a thumping majority. With the voting result, 'Earthlings Council, EC', referred as GEC, Global Earthlings Council in the copyright and other documentation, will be established. EC will have 193 member country delegates who will sign the set of 'EC spin off documents', and will elect their designated signatories.

**BY SRINIVAS S. DEVATHI**

Step 3, EC, the payor for new world order councils to elect their designated signatories.

The designated signatories to get started and move into executing all the necessary legal work, documents on behalf of EC.

At the same time, designing the Earthling currency bills and setting up the mints to print them shall start and follow thru to conclusion.

The 'Payor' for the new world order, in a world neutral currency Earthlings, for the establishment, and operations of all the 'New world order' councils is now in place. The world is prepared to establish the new world order councils.

Step 4, Introduction of 'United Nations Global Governance Model 2020©' by me to 193 countries.

In accordance with my authored macro-governance reform 'United Nations Global Governance Model 2020©', copyright registration number L-91243/2020, issued on 14/5/2020 by Indian copyright office, which along with 'Right perspectives for the world' copyright application filed with Indian copyright office, which clearly defines some of the new world order councils, must be introduced by me to the 193 country delegates at an upcoming WIPO assembly session.

Step 5, Bring 'United Nations Global Governance Model 2020©' to its decisive voting.

After I introduce the macro-governance reform, it must be brought for its decisive voting of all 193 world countries, for its implementation, to be taken live. Given the enormous benefits of the New world order, we must expect that it would be voted in with a thumping majority. This will result in the step of 'Establishing the New World Order Councils'. For the establishment of all the 'New World Order Councils', all the 191 world country delegates, excluding usa and uk, will sign the 'Council spin-off documents' thus taking the councils live.

**CORE COUNCILS TO BE ESTABLISHED FIRST.**

Step 6, Following core councils to be established first.

With EC having gone live, the payor for the new world order, the core councils must be taken live. I define 'Core council' as a council that has immediate relevance to all the world countries and all human beings, that have suffered, and have faced the horrors and ugliness of the old world order. The core councils that must go live and start their work, and operations include the following.

GI-50 Council

G-193 Council

Judicial Council

Medical Council

**NEW WORLD ORDER COUNCILS.**

Here is an introduction of the New World Order Councils, in the form of a grid / table. The detailed documentation for each of the council shall be presented and circulated by me to the 193 country member delegates. I refer you to the 'Right perspectives for the World' webpages at my website [Srinivasdevathi.com](http://Srinivasdevathi.com), with the sub-segment name of the Judicial Council and Medical council to review the details of these councils. All the 'New World Order Councils' to have 191-member country delegates. Usa and uk, that ran the rouge old world order are banned for 20 years from new world order councils.

**THE ROUGE OLD WORLD ORDER ORGANS AND THEIR INTENDED DIABOLICAL, PSYCHOTIC PURPOSES AND AGENDAS.**

Here is a list of the old world order rouge UN organs that have been run with and for the selfish motives of usa and uk. All the other organizations and programs run by the rouge old world order UN are also working against the world countries and citizens.

BY SRINIVAS S. DEVATHI**

ROUGE OLD WORLD ORDER ORGANS RUN BY USA ONLY FOR THEIR SELFISH MOTIVES	
Paid for in a local domestic currency of one country usa, in usd-\$.	
Organ	Purpose
UNSC	Security Council, was only interested in the security of the payor for old world order usa that printed unlimited usd. In this context the security of usa went into investing in psychotic, illegal, diabolical, and devious programs to be run by this old world order, including the central program of them all to get second life by heart harvesting and heart transplant, at the expense of murdering the young, in twenties, from all the world countries. After world war II, and stamping authority on world countries, eliminating competition, they wanted to pay for fake, farce organizations chasing the 'live for 1000 years' program. That is the resulting old world order rouge UN. They name these organizations as 'organs'. They select four others to join this by calling UNSC permanent five, when all the other four were controlled and ordered by usa.
UNGA	A fake farce assembly of old world order paid by usa in usd, to exercise authority, control, command, and order the 191 world countries, along with their ally uk. Not a single serious subject, issue, problem of any of the 191 world countries were discussed with an objective to solve them. They were intentionally blocked to cater to use this organ to order other countries.
UN Economic and Social Council	No economic growth was ever delivered to any of the world countries, that were looking for it. The council has no credibility and Project Earthling© has put it in its place.
ICJ	A fake judicial organ established in what is termed the sex capital of the world. Its history is clearly indicating the sham of a judicial court that it is.
Secretariat	A team of workers taking orders from their payor usa, and working only for their interests.
Trusteeship Council	A defunct organ which is obsolete. No one has any trust in this old world order or its organs.
All these old world order organs must be decommissioned and shut down.	
All the other UN organizations and programs were run with the same selfish motives. They must also be shut down.	
They never ever cared for 191 world countries and 9 Billion human beings on the planet. They were only to be exploited.	

**THE HORRORS OF THE OLD WORLD ORDER, A ROUGE REGIME.  
THE INEVITABILITY OF NEW WORLD ORDER TO SAVE HUMANITY.**

The 191 world countries and over 9 Billion human beings on planet Earth have suffered irreparable losses, were put through great pain, suffering, torture, and abuse by the rouges of the old world order. Usa with a built up arrogance of over 300 years, has lost its sense of reality, lost its connection to humanity, lost its understanding of functioning societies, and cannot understand any human being from the other 191 world countries. The languages on planet earth used for communication, can only do partial justice in explaining and detailing the horrors inflicted by the old world order on humanity.

Here are some of the inflicted horrors on 191 world countries and over 9 Billion human beings of earth.

- Imposed slavery across the world.
- Imposed inequality across the world.
- Used divisive tactics to destroy the target country or subject.
- Pursuit of 'live for 1000 years program' by killing any number of people from across the world countries.

- Conducted innumerable 'illegal clinical trials'.
- The illegal pharmaceutical work, easily have killed over a billion human beings across 191 world countries in last 200 years.
- Targeted humans across the world for any reason and no reason at all. Mostly out of racism, hatred, and jealousy.
- Never respected any local law. Never framed an international law that benefitted the world.
- Ensured no medical law existed.
- In a methodical and planned way, built bribing network, and drew most world countries into corruption.
- Illegal domination and control of 191 countries, imposing slavery by using political, financial, or economic levers.
- Proliferated human trafficking for labor slavery.
- Proliferated human trafficking for sex slavery.
- Intentionally imposed illiteracy and ignorance.
- Exploitation of the ignorant.
- Intruded into personal lives and professional lives by using illegal Nixon technology.
- Put human beings in 'Life cages'. A combination of internal and external cages.
- Ran programs to robotically control humans and their life.
- Plan to set-up human farms, to control and grow humans for organ harvesting, in particular heart harvesting.
- Plan to create possible island short life societies made to believe humans live only until 30. Societies set up for heart harvesting.

### **LASTING BENEFITS TO HUMANITY AND PLANET EARTH FROM THE NEW WORLD ORDER.**

Some of the benefits of the New World Order are listed at my website [ProjectEarthling.com](http://ProjectEarthling.com). The New World Order will deliver economic equality, business equality, trade equality to all the world countries. It delivers an end to all forms of slavery imposed by old world order.

The Humanity, over 9 Billion people on Earth will have a lot to thank the 'Judicial Council' and 'Medical Council'. The 191 world countries, their businesses, their citizens will have access to the Judicial

Council which will enforce the International law, and World medical law. The digital platform access to the single version of truth medical journals and medical literature, made available by the 'Medical Council' will provide the necessary health care and well being to people living across planet Earth, including poor countries and the remotest villages across the world countries.

The New World order has been directionally aligned by me to eliminate poverty from across the world countries, by giving 'development packages' for responsible countries that want to take charge of their country, its economic status, and want to achieve sustained GDP growth. I shall also be giving the full step by step procedure, a 30 year directional guidance, that could be emulated by all the poor countries of the world, while I go on to achieve 'Goal year 30 FE for India', wherein FE, stands for Freedom by Earthling years, which end the AD years.

Benefits to over 9 Billion human beings.

Access to Health care that you can trust, access to Justice by way of neutral bench of judges presiding on your lawsuit, full liability claim for all wrongdoing by old world order from year 1777, enjoyable full equality, end of racism, end of hatred, end of jealousy, right to life, are some of the benefits to over 9 Billion people living on Earth. Further, these benefits are to persist for decades and centuries to come. This means the New world order will deliver benefits and its positive effects to generations of human beings to take birth on planet earth for decades, centuries, and millennia to come.

With the decentralized world, we realize 191 independent and free countries. And the 'New World order' will ensure that these decentralized countries build their own countries, economies, and take care of their own citizens, and businesses. This will ensure, that no world country or world citizen, is or can be caged, as human beings have been in the old world order. This means the end of human 'life cages', internal and/or external cages, and the end of the diabolical devious objectives of old world order to run human farms, and/or control humans like robots.

**TRANSITION INTO NEW WORLD ORDER  
BY SRINIVAS S. DEVATHI**

A fully free, and independent world by countries is realized where the countries, their citizens are in control of their lives and societies.
