To,

Mr. Daren Tang, Director General of WIPO, International Bureau

My authored work of the MACRO ECONOMIC REFORM, PROJECT EARTHLING©, RELATED COPYRIGHTS, registration number L-81033/2019, Literary work titled 'Project Earthling©', dated 22/2/2019, copyright application diary number 11968/2024-CO/L, titled 'PROJECT EARTHLING WORLD INDEPENDENCE DAY', filed on 18/4/2024, TRANSITION INTO NEW WORLD ORDER, RELATED COPYRIGHTS, registration number L-123137/2023, Literary work titled 'Right Perspectives For The World', dated 2/6/2023, copyright application diary number 12050/2024-CO/L, titled 'RIGHT PERSPECTIVES FOR THE WORLD, FE SERIES', filed on 18/4/2024, must reach every human being on planet Earth. This is to ensure every citizen of all 191 world countries is fully informed about the rouge old world order, where they were heading, and the EQUAL, SLAVERY FREE WORLD, delivered by my authored Macro Transformations.

The translations of my work into all the existing world languages MUST be taken up by WIPO, and the entire related expenses WILL be paid for by GEC, Global Earthling council to be organized because of my work. The translations could be published online first, and subsequently considered for each country local bound book publications. In order to promote awareness of the Macro Transformations, we must take up the exercise of translating all of this work, into all the world languages, and make it accessible for world citizens, prior to the decisive voting date for implementation of the Macro Economic reform Project Earthling©. My work of detailing these Macro Transformations is ongoing, and the translations work will continue at GEC.

With WIPO'S experience with Intellectual Property, and their translations into world languages, I look forward to getting your estimation on schedule of time to get my copyrights translated into all the world languages. I presume we could get the translations done in few months. We must take up the work of getting these Macro Transformations to all the world country citizens, at the earliest.

GEC would pay for all the expenses for translating my work, up until now, and the upcoming work in future months, into all the world languages. The copyrights attached in this communication are for 'Eliminating the breach of PCT articles 18(2) and 19(1), upholding PCT preamble, PCT article 9(1)', and also to 'Transition the world into New World Order'.

This effort, by using the network of your translation teams across the 191 country delegations at WIPO, all the related expenses MUST be applied to the 'Transition the world into New World Order' expense account code, mentioned in my earlier communication. My work that must be immediately taken up for translations into all the world country languages are accessible at the following weblinks.

My guidelines for translations.

I request all the renowned, recognized experts in all the 191 world country languages, to follow these steps while translating my work into their languages.

As an example, with reference to a POV, first read the POV ones or a few times to grasp the entire jist of the POV which is to be translated. Then taking few lines, or few sentences at a time, translate the jist into your world country

language. The jist, essence, implied meaning and correct interpretation are of the highest importance and significance.

Do not recommend word by word, literal translations, losing the essence and jist of the work. Or using such literal replacing the word translation tools.

I look forward to your remarks and response to this communication.
