

**IN THE HIGH COURT OF KARNATAKA, BENGALURU
ORIGINAL JURISDICTION**

LIVING WILL EXECUTED ON 22-8-2022, SUPPORTING DOCUMENTS

I include the following with this annexure.

- A notarized, and attested true copy of the Living will executed by me on 22-8-2022.
- The 'Living Will Addendum for Year Ending 2022' executed on 29-12-2022.
- The 'Living Will Addendum for Year Ending 2023' executed on 29-12-2023.
- The 'Wealth distribution within INDIA, according to the executed Living Will'.
- Supporting document to the Living will executed on 22-8-2022. A photocopy of the aadhaar card of my mother Mrs. D. S. Premaleela, who is in receipt of a copy of the 'Living will executed on 22-8-2022'.
- Legal supporting document to the Living will executed on 22-8-2022. Copy of the Divorce decree and one time full and final settlement 'Mediation report', from Family court at Bangalore, for Divorce case M. C. No. 1014/2011, concluding my divorce with Vindhya Yalmuri.
- Legal supporting document to the Living will executed on 22-8-2022. Photocopy of E-mail communication sent to my siblings, sisters Mrs. Sridevi Devathi, and Mrs. Shirisha Mohan, on 23-2-2024.
- A brochure about the cascading effects of my work within INDIA, for achieving 'Goal year 2050 for INDIA', also referred as 'Goal year 30 FE for INDIA', to over 100 World countries that are in the segment of poor or developing countries.

LEGAL REMARKS.

- I have executed, and legalized a LIVING WILL for 93 Trillion Earthlings wealth coming to me and to INDIA by the sale of my invention and execution of 62 sale agreements described in annexure D. The Living Will has language built into it, which ensures the percentage distribution to the recipients shall stay the same, despite a sale price RESET to a value greater than 93 Trillion Earthlings, by the independent valuation of INDIA Government, or participation of 193 countries. A notarized and attested true copy of Living Will Executed on

22-8-2022 is attached with this annexure in this appeal. I draw the attention of the Honorable court to the expiry date of this Living Will, which is 31-12-2034, by which date I intend to distribute the wealth of at least 93 Trillion Earthlings to all the intended recipients in the Living Will.

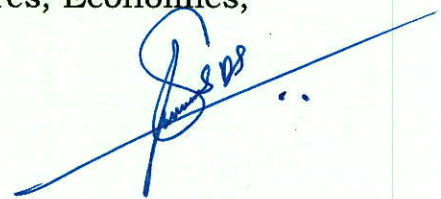

- 25 out of 62 sale agreements will be executed with a one-time single payment plan built into it, and the other sale agreements will be executed with payment plan spanning from the year of agreement execution until year 2034. In this annexure, I include the 'Living Will Addendum for Year Ending 2022' executed on 29-12-2022, and also the 'Living Will Addendum for Year Ending 2023' executed on 29-12-2023. The addendum indicates the 'Wealth receipts' and 'Wealth distribution to the intended recipients'. I will be executing 11 more 'Living Will Addendums' at the end of each of the 11 years, 2024 to 2034, indicating the annual statistics, annual incremental statistics of the 'Wealth receipts' and 'Wealth contribution to the intended recipients'. Living Will Addendum is not going to be a registered document. I will publish the addendums annually at my website SrinivasDevathi.com. Upon Honorable courts orders, respondent to give official formal communication addresses, key contacts information, e-mail ID'S, and direct telephone numbers of all the recipients mentioned in the Living Will. Subsequent to the execution of the 62 sale agreements through the orders of this Honorable court, if the court retains the Writ Appeal in Pending status, I will conclude the distribution of wealth to the intended recipients through the Honorable court, by end of year 2034.
- According to the Living Will executed on 22-8-2022, I have pledged 90% of the wealth for a visionary goal 'Goal year 2050 for India', also referred as 'Goal year 30 FE for INDIA', to ensure India achieves all the economic goals. By way of cascading effects of 'Goal year 30 FE for INDIA', Macro Economic guidance and direction will follow through, and replicate into the economies of at least 100 or more poor and developing countries of the world.

LEGAL FACTS

I present the following legal facts to the Honorable court, aligned with the executed Living Will.

- Intellectual property is ones own. In this context, my invention patent, and the worldwide patent rights according to PCT article 9(1) are owned by me, the liability for the loss of which is payable to me, into my bank account in INDIA. Intellectual property rights, in this context patent rights, cannot be inherited upwards in the family tree, by my ancestors, including my father and mother. Intellectual property rights, in this context patent rights, cannot be inherited laterally in the family tree, by my siblings. Intellectual property rights, in this context patent rights, can be inherited downwards in the family tree, by spouse and children.
- I attach the following LEGAL documents, ascertaining LEGAL facts related to the wealth I bring into my bank account in INDIA, from the execution of the 62 sale agreements, connected with my Living Will executed on 22-8-2022. My father Mr. D. Satyanarayana died on 1-1-2018, and could not have executed any documents representing me. Investigation prayed in this Writ Appeal, with reference to annexure H will conclude no negative tactics were used by my public enemies to steal any of my wealth, or patent rights in any territories from me.
- My mother Mrs. D. S. Premaleela, whose aadhar card copy is attached with this annexure lives at my residential address, and she cannot represent me or inherit any of my wealth received from my invention patents. I handed over a copy of the Living Will to my mother, and she has retained the copy for her record. While this is the Legal step, she is in receipt of the Living Will, my mother cannot read english and has minimal understanding of the contents in the Living Will. She however has the overall understanding that I have an invention and I am about to receive liability payment. I shall speak for her, with regards to my invention, patent, wealth, and all legal subjects.
- I attach an e-mail communication dated 23-2-2024, sent to my siblings, sisters, Mrs Sridevi Devathi, and Mrs. Shirisha Mohan, directing them to my Living Will published at my website. This has given them legal clarity about my liability wealth that would be brought into my bank account in INDIA by the execution of 62 sale agreements upon the orders of the Honorable court. This communication is legal communication for my sisters and their legal heirs. I also hand delivered copies of my Living Will to my sisters, for their record.
- For the record of the Honorable court, my father, my mother, my sisters, do not have knowledge about inventions, patents, intellectual property, Patent Cooperation Treaty, PCT Timeline, PCT procedures, Economics,

business, Automotive industry, design, manufacturing, production plant assembly line, Macro Economics, Patent sale price estimations or valuations, and their ignorance could be exploited.

- My divorce with Vindhya Yalmuri concluded on 25-7-2012. I attach a copy of my divorce decree showing the date of disposal of our marriage, 25-7-2012, and a copy of the one time full and final settlement 'Mediation report', dated 25-7-2012, in the Family court at Bangalore, for Divorce case M. C. No. 1014/2011. With my divorce with Vindhya Yalmuri concluded on 25-7-2012, with us having no children from the marriage, there are no legal heirs to inherit my wealth from the concluded marriage.
- I request the Honorable court to record that I have never visited a 'Sperm bank', and hence have never made 'Sperm donation'. This statement is applicable for all 193 world countries. No one can claim they are my legal heirs. Fraudulent usa citizens or uk citizens might attempt to use negative tactic, of inheritance claim coming to judicial courts in INDIA. Such attempts are frivolous and fabricated lies.
- I also attach a brochure about the cascading effects of my work within INDIA, for achieving 'Goal year 2050 for INDIA', referred in the Living Will. This goal, also referred as 'Goal year 30 FE for INDIA', will be achieved by me by launching a series of transformative initiatives over the 30 year period, launched through Earthling Foundations Public charitable Trust, Earthling Foundations Private Trust, and by way of 'IEC, Indian Economic Council' initiatives, which would be advisory to Indian Central and State Governments, Union Territories, all from the contributions of the wealth I receive from the execution of 62 sale agreements.
- The cascading effects of these initiatives will reach most of the world countries, certainly the 100 poor countries of the world, given the replicable, and emulatable effects of the initiatives, and the Macro guidance, they receive through the New World Order unbiased councils.

Bangalore

APPELLANT

(Party in Person)

LIVING WILL

OF MR. SRINIVAS S. DEVATHI; LIVING AT 63, 11TH B CROSS, 3RD MAIN
PRASHANTH NAGAR, BANGALORE - 560079, INDIA

WILL EXPIRING ON - DEC 31, 2034

THE EXPIRY DATE SET ABOVE MARKS THE END OF LAST YEAR OF THE PATENT US 8,910,998 B1, 20 YEAR IP PROTECTION TERM. THE WEALTH ACCORDING TO THIS WILL SHALL BE DISTRIBUTED TO THE ALLOCATED DESTINATION PARTIES / ACCOUNTS BEFORE THE EXPIRY DATE.

ENCLOSURES: ID PROOF OF SRINIVAS S. DEVATHI - 2 PAGES. COPYRIGHT OF PROJECT EARTHLING© - 6 PAGES.

CONTEXT:

I, Srinivas S. Devathi, Inventor to 'Systems and methods for altering the color, appearance, or feel of a vehicle surface' with patent grant from USPTO (Patent number US 8,910,998 B1 with issue date of 16-12-2014 which is valued at 22.5 Trillion Earthlings/\$; and the technology's IP rights valuation from the other 61 Non-USA countries (15 national stage and 2 regional stage applications filed by using PCT international application number PCT/US2014/046619 with filing date of 15-07-2014, the value of which is set at 70.5 Trillion Earthlings/\$)); is valued and worth a total of 93 Trillion Earthlings/\$; as of today at a conservative estimated sale price of the invention global IP rights. This is the most important asset that must be addressed in this Will. It is fair to say that most of my property / assets / wealth are intellectual property in the form of patents, patent applications, and Trademarks.

Outside of the above listed intellectual property assets; I have some property and income from other regular sources which allows me to live my regular 'Middle class' income life in India. This property is nothing that anyone in India, or certainly usa citizens or their corporations would envy about or look to steal from me.

NO LEGAL HEIRS:

I, Srinivas S. Devathi, do not have any legal heirs. I am single (divorce concluded in July 2012) with no children. So, I do not have any legal heirs; as all intellectual property in a person's name qualifies as his own earnings and any legal heirs of such property can only be his own family descendants.

Further, my siblings have no legal claim in this wealth either.

My father, who passed away on Jan 1st, 2018; has left enough (of his wealth) for my mother, to ensure her comfortable living for many years to come. Additionally, my mother would not know what to do with crores of rupees, and certainly does not know what to do with Trillions of Earthlings / \$.

Despite my mentioning of the names of my Father or Mother in one or more financial instrument forms (such as bank accounts, LIC policies, post office saving accounts, investment accounts, or other) as my nominee (for that financial instrument), this 'Living Will' shall override any such nomination forms from being extrapolated for my Intellectual property assets listed above. Further, Intellectual property is not something that is claimed or inherited upwards in the family tree.

So, neither my mother nor my deceased Father can inherit or claim any portion of the 93 Trillion Earthlings / \$ wealth or asset.

SEPARATE INSTRUMENT:

In summary I do not have any legal heirs for the 93 Trillion Earthlings / \$ valued Intellectual Property. If I choose to assign anything to my mother or siblings, it shall be done so only by 'Executing a separate contract or agreement or legal instrument'.

27/06/2024
22/08/2022

PERCENTAGE ALLOCATIONS TO REMAIN THE SAME DESPITE A SALE PRICE RESET:

Percentage wealth allocation, and the payable receiving parties given in this document shall stay the same even if the patent sale price valuation is reset to any number higher than 93 Trillion Earthlings / \$, not limiting to and also including sale price numbers such as 220, 230, 240, or 250 Trillion Earthlings / \$.

CURRENT ASSIGNMENTS OF WEALTH FROM INTELLECTUAL PROPERTY:

The 93 Trillion Earthlings / \$ will be brought into India as my wealth in this year and next, legally via court proceedings. Depending on the way I execute contracts (Invention – Intellectual Property sale agreements) with all 62 countries; I may attract the wealth in partial payments spread over the IP tenure of my invention which ends in year 2034. As the wealth comes into my Indian Bank account(s), my yearly allocation of funds will be as given here:

- 90% of this 93 Trillion Earthlings / \$ wealth will be 'year-marked' or 'pledged' for a visionary goal defined by me called 'Goal Year 2050'; to make India a developed country.
 - o Half of this 90% (45% of total wealth) will be paid to Indian Government, all State Governments and Union Territories, with the following breakdown.
 - 20% as Long-term capital gains tax on the wealth earned to Indian Govt, payable to Commissioner of Income tax department.
 - 10% as 'India's Progress & Development' funds payable to Indian Govt, to Prime Ministers India development fund.
 - 15% distributed across all States and Union Territories, in proportion to their population (use census data from most recent census). For states, payable to each state Chief Ministers (respective) State development fund. For Union Territories, payable to Presidents Union Territory development fund.
 - According to the points mentioned above, I shall annually pay (or distribute) this portion of wealth and provide guidance to Indian Government and all State Governments on doing the right projects, the right way until 'Goal year 2050' is achieved, by heading a unit called 'Indian Economic Council'.
 - o The other half of this 90% (45% of total wealth) is 'year-marked' or 'pledged' for Private side development projects / work which will be driven by me across India (which will further be followed and possibly emulated by at least 100 other developing and economically backward countries); through 'Earthling Foundations'. Initiatives will be rolled out through two Earthling foundations, one public and another private, which will get funds allocation with the following breakdown.
 - 22.5% will be allocated to the Earthling Foundation Public charitable Trust.
 - 22.5% will be allocated to the Earthling Foundation Private Trust.
 - The Legal entity of Foundation is expected to be formed soon. The registration papers for the foundation are prepared and can be registered anytime at the local sub-registrar office. However, recruiting the second trustee and other trustees is taking time, as I am looking to find the right Trustee who is patriotic, and energetic to work for this country all his life with commitment and dedication with my guidance. Updates on this will be provided in the next version of Living Will.
 - Both Private and Public charitable Earthling Foundation Trusts will roll out series of initiatives over the next 30 years, with allocated expenditure annually for projects that must be completed within that year; to achieve 'Goal year 2050'.
- 10% of this 93 Trillion Earthlings / \$ wealth will be 'My personal wealth' in my personal bank account and spent on my personal expenses and select personal projects across India.

I, Srinivas S. Devathi, Inventor to 'patent US 8,910,998 B1'; state that this is my Current active Living Will and this is how I want the money allocated, while alive or dead.

This Living Will shall be accompanied with an addendum document which will be versioned over the years to come, which will contain all other details such as registration numbers, bank account numbers, and up to date contributions paid to the receiving parties.

Project EARTHLING
Srinivas D.S. – Jan 15, 2019

Author:

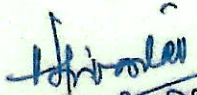

Srinivas S. Devathi
63, 11th B Cross, 3rd Main,
Prashanthnagar, Bangalore – 560079, India

Title: PROJECT EARTHLING.

The first step towards a balanced world and more equality.
This initiative brings about more trade and economic equality.
This is the most important reform required to global economic situation as it stands today.

Problem Definition: The current global trade situation is as given below.

- 1) All global trade is predominantly done in USD.
- 2) All the important global trade commodities are priced in USD.
- 3) And it is the currency of one country – USA.

उप पंजीयन अधिकारी प्रतिलिप्याधिकार
DEPUTY-REGISTRAR OF COPY-RIGHT

This has resulted in global trade commodities being subjected to fluctuations based on two moving (varying) frames of reference. The USD strengthens or weakens based on its demand and other factors. The commodity price fluctuates based on its demand and supply.

Secondly, global trade between countries (import / export) and forex transactions happen in so many different currency exchanges. Currency A has to be exchanged to currencies B, C or D and vice versa. The many to many currency conversions add complexity to central banks and other banks. In general, global trade is subjected to multiple currency conversions, is complex and not standardized.

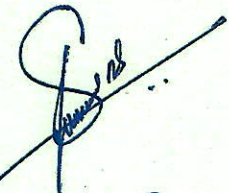

Background thinking:

If you look at last 3 to 4 centuries, USA has had a vice like grip on the world and would not let go. They want to control everything, everyone, dictate terms to everyone across the world. If you look at last 100 years in particular; USD became the standard for global trade and transactions, making it the most sought-after currency. This allowed USA to become a 'Mint based economy'; to print as much as they want and inject into the global trade system, with no checks or balances of any kind for themselves or their country's GDP numbers. It is evident in:

- a) The military arms / weapons stockpile they have amassed over decades. The fire power is enough to destroy earth. Their military is stationed in so many countries, despite the costs involved.
- b) The number of wars they have waged across the globe and yet with no dent to their economic condition, when you factor in the military and war expenses.

Project EARTHLING
Srinivas D.S. – Jan 15, 2019

- c) The standard method of bailing out all Corporations / Banks in USA by injecting money into the system. E.g., 2007-2008 Credit crisis due to Housing bubble burst; they bailed out all banks by printing money.
- d) Most of the USA Corporations are bloated with surplus funds and cash, because of available credit, as Banks could be bailed out anytime.
- e) Despite all the expenses as listed above, USA economy has not weakened in the last few decades. And USD does not show a sign of weakening, due to the global demand.

One must think where all this money spent came from without having a negative impact on their economy. Their economy does not have a downturn and their currency has not weakened. It always seems to strengthen against most global currencies. In fact; it is said that waging wars is a means of driving GDP numbers by producing more weapons (e.g., Lockheed Martin stock price earnings). They have had this kind of a run because USD has been a standard for global trade for so long. Simply put, they have made all the other countries look like dumb idiots / morons for so long. Should the World continue to deal with this imbalance on Planet Earth? Should USA continue to dominate and in doing so, block all other countries growth prospects and development opportunities?

I, as Indian citizen realized that such a global environment is not conducive for India to become a developed country. This needs correction, if the aspirations of 1.32 Billion Indian citizens must be met and realized. Since this is a global problem, the same thought applies to every non-USA country. I personally am interested in making India a developed country by year 2050 (Goal year 2050).

The Solution: A new global trade and exchange currency, which is not the currency of any single country.

- 1) A new global Trade currency, import / export standard currency which is not a currency of any single nation in the World.
- 2) I have called it as 'Earthling'. The currency symbols as I have envisioned are given towards the end of this document. In common usage (terminology) Earthlings could be called as 'Ellies'.
- 3) Earthling will hold its value for a period of 10 years. At the end of 10 years, a council of global economists will either strengthen it or weaken it depending on the needs of developing and least-developed countries. And it shall hold that value for another 10 years. The cycle will repeat.
- 4) First valuation of Earthling could be same as USD when rolled out. Earthling will not have a decimal such as paisa, cent or penny equivalent.

In such a scenario, all global trade (Import / export between any number of countries), global commodity pricing will be done in Earthlings. The commodity prices are against a single frame of non-fluctuating reference. The pricing truly reflects the commodity demand / supply situation. In turbulent economic times, it will be the safest currency to offload wealth into. What better than something that holds the same value for 10 years. Investment bankers will love such an instrument. Investors can ride turbulent times with much ease.

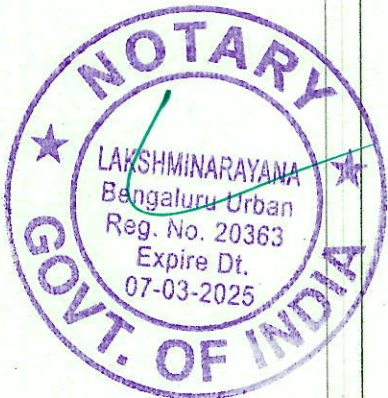

A handwritten signature in blue ink, appearing to be 'Srinivas D.S.', with a horizontal line drawn through it.

A second handwritten signature in blue ink, also appearing to be 'Srinivas D.S.', with a horizontal line drawn through it.

Project EARTHLING
Srinivas D.S. – Jan 15, 2019

Features / Advantages:

- 1) Earthlings will be printed only in 2 or 3 mints, all located in a single place. These mints will be monitored by representatives from all countries (at least one from each country).
- 2) Most forex reserves held by each country must be in Earthlings.
- 3) However, Investment Bankers who trade in currencies, can be allowed to do so, on a single global standardized platform.
- 4) Each country will have to hold only their local currency and Earthlings as Foreign exchange reserves. If their Central Banks want to hold some reserves in other currencies (purely from an investment or holdings vantage point), they could do so.
- 5) At international airports, point of departure, the forex stations should allow buying Earthlings against local currency. At the point of destination, forex counters should be able to convert Earthlings to the local currency of that country. So, most international travelers could only carry Earthlings and travel to any country and shall do fine upon landing.
- 6) All global trade commodities will be priced in Earthlings.
- 7) All export items of all countries will be offered while priced in Earthlings. It will be a single global trade market, for each country's export items.
- 8) All global fund transfers (international wire transactions) will happen in Earthlings, thus simplifying global trade / transactions. E.g., Whether you are transferring funds to Europe, China, Japan or Korea, you always do the international wire transfers in Earthlings, despite their local currency. The recipient Bank upon funds receipt in Earthlings, could either hold them in Earthlings or convert it to their local currency, as per its preference.
- 9) Global banking is simplified. Many to many currency conversion headaches are removed for Banks.
- 10) Most importantly, this brings economic and trade equality to planet earth. World will become a single market place for most exporters.
- 11) It gives equal opportunity to all countries and brings balance to global trade.
- 12) Countries with no currency today, should come up with their own currency which is at a certain proportion against Earthling, to enable them to do trade or generate wealth from what they could export.
- 13) All developing and least developed countries benefit significantly from this. USA and its economy will also be subjected to checks and balances.
- 14) BRICS can take advantage of this new system and can be much more competitive on the global stage, as undue advantage of USA that has gone on for centuries is eliminated.
- 15) Allows India and China to get to number 1 or 2 positions in the economic scale in few decades. This reform is the most important to global economic situation as it stands today. Without this reform, BRICS and other countries aspiring to develop stand no chance.
- 16) Each country could have a special 'International trade Bank' which allows bulk Earthling transactions to other entities in other countries, for registered global traders who do import / export of goods. As another thought, all international trade must be done online and should be transparent to the government, CB and the special International trade Bank in the country.
- 17) All banks should allow international wire transactions in Earthlings, in smaller amounts with a cap, for regular citizens.

Two handwritten signatures in blue ink, one above the other, both appearing to be the name "Srinivas D.S." with a stylized flourish.

Project EARTHLING
Srinivas D.S. - Jan 15, 2019

18) Local or domestic business; whether online or offline, must be conducted in the local national currency only.

Countries / Geographies:

Let's look around the World and think which Countries would support this reform. The answer is every country other than USA will give full support and vote to this global economic reform. Once this is done, World will be a truly competitive space where talent, capability and effort will be truly rewarded. And World will get a break from USA that is constantly blocking, constantly policing all other countries to stop their progress and growth. India must take the lead to drive this initiative through G20 summit and other global forums.

Roll-out Steps: The procedural steps involved in launching 'Project Earthling' will be as follows.

Step 1 - The initiative must be introduced at several global forums, such as G20 Summit, WTO, WIPO, UN, World Bank, IMF and all country governments and CB's.

Step 2 - Discussions and voting. The introduction would lead to discussions at many levels. Post discussions, a UN voting must be conducted, with one vote per country on the subject. This initiative will be voted in. A governing body must be established (name, governing team and other details).

Step 3 - Once the initiative is voted in, we need to design the currency bills. (a) Billion and Million Earthling bills for CB holdings and exchanges. (b) 1000, 500, 100 Earthling bills for citizen (international travelers) exchanges only. There shall be no other denomination (for e.g., currency bills of 50, 10, 5, 2 or 1 used for local purchase transactions). As no country allows purchase/sale (or local / domestic retail businesses) by using Earthlings. It is only an International trade currency and foreign exchange currency and not for domestic trade or business.

Step 4 - 3 Mints that will print Earthlings shall be set-up in a single location. These mints will be governed by all countries (their representatives); and will be under 24*7 surveillance. The location should ideally be in India, China or Europe. City to be selected.

Step 5 - Flushing USD's from all non-USA countries. Earthlings shall be printed to replace USD holdings of all countries (their CB's). The exchanged USD's should be retrieved and trashed / shredded (as in truly replaced).

Other ongoing steps - As per CB's purchasing needs against their local currency (or other currencies they hold), they could buy Earthlings from the 'Earthling' governing body. Such an activity of buying Earthlings shall be an ongoing activity.

This may be called as a social scheme, that I do not endorse. I believe that each Country must earn its living and get rich. If the governing body chooses an Earthling distribution step, in a rare global economic distress situation; they shall print and distribute Earthling's equally to every country.

The entire reform could be rolled out in 1 or 2 years. This baselines the World economic situation with a much better balance and gives equal opportunity to all countries in global trade. All countries can aspire to develop and get rich, without any roadblocks.

**WEALTH DISTRIBUTION IN INDIA ACCORDING TO MY EXECUTED
LIVING WILL DATED 22-08-2022**

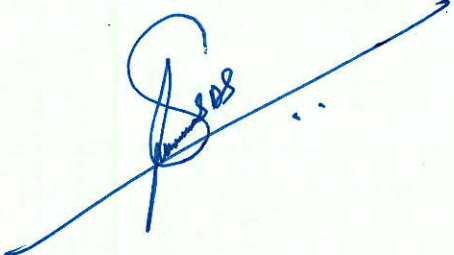

In this document, I present the cumulated wealth distribution numbers within India, at the conservative chosen sale price 93 Trillion Earthlings. The wealth that I will bring by the sale of patent rights to my invention patent us 8,910,998 B1 for 62 world countries, through the execution of 62 sale agreements upon the orders of the Honorable court. Invention us 8,910,998 B1 is recognized worldwide by PCT international application PCT/us2014/046619 filed on 15-7-2014. The sale includes the claims in PCT international applications PCT/IB2016/050993, PCT/IB2016/050994, and PCT/IB2016/050995. The percentage allocations to remain the same irrespective of a sale price reset to a price higher than 93 Trillion Earthlings.

Distribution of 93 Trillion Earthlings wealth within India according to executed and legalized LIVING WILL of Srinivas S. Devathi, dated 22-8-2022, over the next 11 years period.		
		EARTHLINGS
62 country IP rights sale	I, Srinivas S. Devathi, will bring the wealth via liability claim lawsuit proceeding in this Honorable court, according to law for justice and equality, and enforcement of Patent Cooperation Treaty.	93,000,000,000,000
45% of the total 93 Trillion wealth	Earthling Foundations Public Trust (22.5%). I will be heading the Earthling Foundations public trust and launching initiatives over the next 30 years, to achieve Goal Year 2050 for India.	20,925,000,000,000
	Earthling Foundations Private Trust (22.5%). I will be heading the Earthling Foundations private trust and launching initiatives over the next 30 years, to achieve Goal Year 2050 for India, to be rephrased as Goal Year 30 FE for INDIA.	20,925,000,000,000
45% of the total 93 Trillion wealth	Indian Government, to Commissioner of Income tax department (20%)	18,600,000,000,000
	Progress & Development funds paid to (Indian Government), to Honorable Prime Ministers India Development Fund (10%)	9,300,000,000,000
	Progress & Development funds paid to (State Governments and Union Territories), to respective Chief Ministers State development fund, and for Presidents Union Territory development fund in case of Union Territories (15%)	13,950,000,000,000
	The distribution of the 15% contribution to State Governments and Union Territories is given in the table here. The wealth distribution of 13,950,000,000,000 will be done according to population distribution across the states and union territories. 2011 official population census data is used for the wealth distribution proportion.	

2011 Census data used for proportions only				
State / UT	Name	Population	India population	13,950,000,000,000 Earthlings divided

Form No.15
(Civil)

IN THE COURT OF THE I ADDL. PRINCIPAL JUDGE, FAMILY COURT,
BANGALORE.

M.C.No. 1014/2011

Date of Institution :18-03-2011

Date of Disposal :25-07-2012

PETITIONER:

Vs.

RESPONDENT:

Sri. Srinivas Devathi,
S/o. D. Sathyanarayana,
Aged 34 years,
R/o. No. 63, 11th 'B' Cross,
3rd Main, Prashanthanagar,
Bangalore 560 079.

Smt. Vindhya Yalmuri,
D/o. Y.R. Mohan Kumar,
Age: 28 years,
R/o. Nagarjuna Industries,
Sira Road, Pavagada,
Tumkur District-561202.

CLAIM

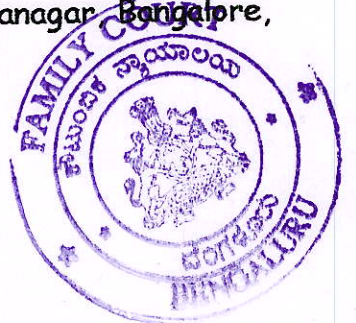

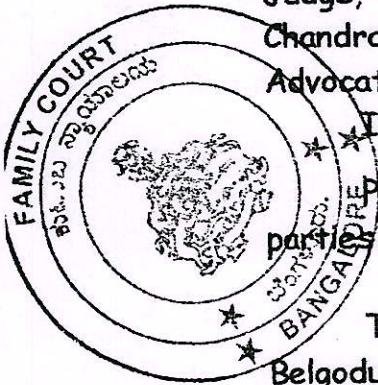

The petitioner has filed this petition U/s. 13(1) (i-a) of the Hindu Marriage Act 1955 against the respondent praying for dissolution of his marriage solemnized on 19-08-2004 by granting a decree of divorce.

This petition coming on for final disposal before Smt.Vidyavathi S. Akki, B.Com., LL.B,(Spl.) LL.M., I Additional. Principal Judge, Family Court, Bangalore and in the presence of Sri. B.O. Chandrashekar, Advocate for the petitioner and Sri. Akkimanjunath Gowda, Advocate for the respondent.

It is ordered and decreed that,

Petition is allowed in terms of the settlement entered between the parties before Mediation Centre, Bangalore.

The marriage of the petitioners solemnized on 19/08/2004, at Belgodu Marriage Hall, No. 313, 40th Cross, 8th Block, Jayanagar Bangalore, as per Hindu rites and customs stands and is dissolved.

The Memorandum of settlement/agreement shall form part of the decree.

It is further ordered and decreed that there is no order as to costs.

Given under my hand and the seal of this Court on this the 25th day of July, 2012.

.. PETITIONER

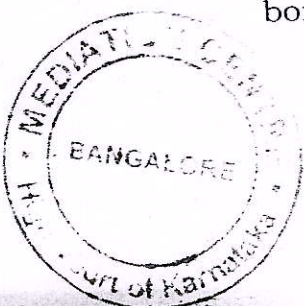

.. RESPONDENT

MEMORANDUM OF AGREEMENT UNDER SECTION 89 OF THE CODE
OF CIVIL PROCEDURE READ WITH RULES 24 AND 25 OF THE
KARNATAKA CIVIL PROCEDURE (MEDIATION) RULES, 2005.

The parties above named beg to submit as follows:

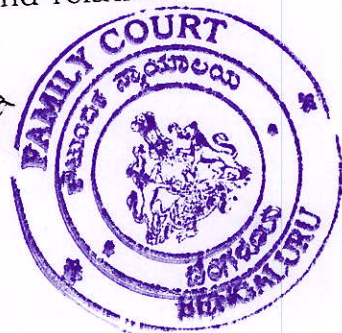

I. The petitioner has filed the above petition under Section 13-1(i-a) of the Hindu Marriage Act, praying for a judgment and decree dissolving his marriage with the respondent performed on 19.08.2004 at Bangalore, by a decree of divorce. The aforesaid Petition was referred to mediation for resolving the dispute between the parties. During the course of mediation, they have resolved their dispute and have agreed to the following terms and conditions:

- (i) Both the parties are Hindus by Religion. Their marriage was performed on 19.08.2004 at Belgodu Marriage Hall, No.313, 40th Cross, 8th Block, Jayanagar, Bangalore-560082, as per Hindu Rituals and Customs.
- (ii) Both the parties state that they have no issues born to them from their wedlock.
- (iii) Due to irreconcilable differences, misunderstanding, habits, tastes thoughts, culture and severe incompatibility between them, both the parties could not get along with each other and as such, they started living separately since April, 2010 depriving each other of their relationship, companionship and marital bliss. There is no chance of both the parties rejoining and leading a happy marital life. Both the parties have decided to put an end to their marital bond. The efforts made by their elders, well-wishers and relatives

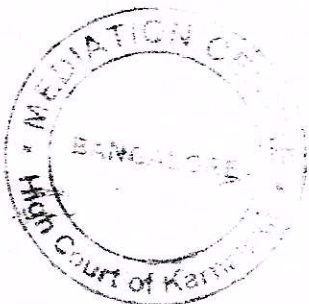

[Handwritten signature]

Vidya

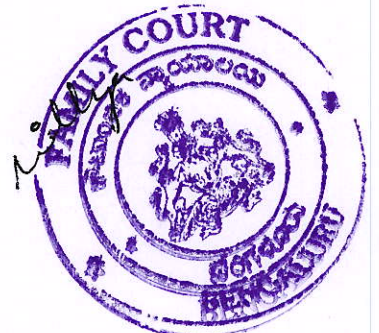

to reunite them and to bring them under one roof as husband and wife to lead a happy married life, did not yield any fruitful result. Even during the course of mediation, despite best efforts, both the parties have not been able to eschew their differences and reconcile. Both the parties are very firm in getting their marriage dissolved, by a decree of divorce. During the course of mediation, both the parties on their own free will and volition and without any coercion, threat or undue influence, have agreed to get their marriage dissolved by a decree of divorce.

- (iv) In view of the settlement so reached between them, the petitioner hereby agrees and undertakes to pay a sum of Rs.15,00,000/- (Rupees Fifteen Lakhs only) to the respondent towards her maintenance and permanent alimony, in full and final settlement of all her claims. Accordingly, the petitioner hereby agrees to hand over to the respondent today before the Hon'ble Family Court a demand draft bearing No.006870 dated 20.07.2012 drawn on State Bank of India, Magadi Road Branch, Bangalore, favouring the respondent. The respondent has agreed for the same.
- (v) Further in view of this settlement, the respondent hereby agrees and confirms that she has executed a Release Deed dated 25.07.2012 in favour of the petitioner relinquishing all her right, title and interest she has in respect of the Commercial Complex by name "Sree Sai Padma Arcade" bearing B.B.M.P. Khatha No.943/360/1, Old Kaneshumari No.234, situated at Varthur Main Road, Ramagondanahalli Village, White Field Post, Varthur Hobli, Bangalore East Taluk, Bangalore, by receiving a sum of Rs.20,00,000/- (Rupees Twenty Lakhs only) from the petitioner, towards her 25% share of the above said property.
- (vi) The petitioner also agrees that he has no objection for the respondent to retain the gold items given to her by his parents at the time of their marriage. Similarly, the respondent has also no objection for the petitioner to retain the silver items given to him by her parents at the time of their marriage.
- (vii) Both the parties confirm and declare that apart from what is stated above, they do not have any claim/s, monetary or otherwise of whatsoever nature either past, present or future as against each other.

[Handwritten signature]

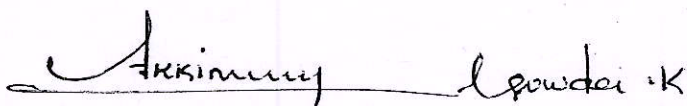

(viii) Both the parties agree that they shall, on and from the date of recording of this settlement, not interfere with each other's life and they shall be entitled to get on with their lives in any manner they may choose to do so.

(II) In view of the aforesaid agreement/settlement entered into between them, both the parties pray that the Hon'ble Court be pleased to dissolve their marriage performed on 19.08.2004 at Belgodu Marriage Hall, No.313, 40th Cross, 8th Block, Jayanagar, Bangalore-560082, as per Hindu Rituals and Customs, by granting a decree of divorce, in terms of the aforesaid agreement/settlement.

(III) Parties will appear before the Hon'ble Court this the 25th day of July, 2012 for reporting settlement and for passing Orders/decree in terms of the aforesaid agreement/settlement.

**IN THE HIGH COURT OF KARNATAKA, BENGALURU
ORIGINAL JURISDICTION**

**MY PUBLIC ENEMIES ATTEMPTED TO USE THE ENTIRE 'OLD
WORLD ORDER' PAID IN USD-\$ AGAINST ME. THEY USED EVERY
POSSIBLE NEGATIVE TACTIC AGAINST ME, INDIA, AND THE
RELIGION OF HINDUISM**

Who are my public enemies?

USPTO is my public enemy. They have declared it by way of 'Breach of Patent Cooperation Treaty articles 18(2) and 19(1) on 5-8-2015'. They have breached a treaty which is the most popular treaty across the world countries. PCT has 156 contracting states as of 7-4-2022.

USPTO relentlessly surrounded me and chased me across the world for 16 years, since my invention in quarter one of 2007. Why would they do this? The valuation of my invention, now their liability to me, is at a conservative 93 Trillion Earthlings. The valuation and wealth created by my invention patent us 8,910,998 B1 is the central reason, the core motive for them to target me, by using all the negative tactics at their disposal. They exercised all their authority in 'old world order' to target me using their famed 'eagle eye'.

US PTO is a usa government agency which has political and corporate alliances within usa, thus making the following people in usa my public enemies. Democrats, Mr. Joe Biden, Mr. Bill Clinton, Mrs. Hillary Clinton, Mrs. Chelsea Clinton, Mr. Barack Obama, Mrs. Michelle Obama, Mr. Al Gore. Republicans Mr. Donald Trump, Mrs. Ivanka Trump, Mr. George Bush Jr., Mrs. Laura Bush, Mrs. Jenna Bush, and Mrs. Barbara Bush.

US PTO usa corporate alliances include Johnson and Johnson Pharmaceuticals USA, Janssen Pharmaceuticals USA, HSBC Bank USA, Capgemini USA, which includes alliances with the following executives and employees of these corporations Mr. Randy McDaniels, Mr. Mike Compelli, Mr. Bill Schreiner, Mr. Roy Stansbury, Mr. Ken Harvey, Mrs. Chrysanetz and Mrs. Heidi Pote. They exercised their alliance with Exxon-Mobil USA, and Tesla USA to create two opposite polarities, create a fake 'Fire scam', a non-existent battle between 'oil and renewable' and put Me, India, and Hindus living in India into this battle in an attempt to steal the wealth created by my invention patent us 8,910,998 B1.

My public enemies used 'order takers' and slaves for bribing select groups in India.

Since my invention in Q1-2007, USPTO, along with all the alliances mentioned above, used some employees in the listed corporations, some other psycho people, who are nri-abcd, non resident indian - american born confused desis, who try to act, and fake that they have commonality, or cultural similarities, and understand Indian culture, and life style; while in truth they are totally confused and lost people who do not fit in usa and in India. They are nothing like real Indian citizens living in India. These nri-abcd, and select ones among them were used for distributing suitcases filled with usd-\$ into India since 2008 and after, to work against me, my invention patent us 8,910,998 B1, recognized worldwide by PCT international application PCT/US2014/046619, and the wealth I would bring from across the world countries into India. These people are anti-India, and want the death and destruction of India. They want to use Hindus living in India, as murder subjects, for organ harvesting, and organ-trade, with this new psycho objective of usa, to get second life by heart harvesting and transplant.

My public enemy foreign alliances.

Given USPTO and usa relations with uk, the following people in uk are also my public enemies. Mr. Tony Blair, Mrs. Teresa May, and the royal family in Buckingham palace. Mutatis mutandis with nri of uk used against me, India, and Hindus living in India.

My public enemy, usa pays for the old world order 'un - united nations' in usd-\$, and used that entire organization against me or to block my work.

USPTO, usa and uk, control the fully paid in usd-\$ 'old world order' puppet 'un', its outdated six organs, and puppet organizations, which have worked for the selfish motives of usa and uk alone, have attempted to file random 'fabricated documents against me and my work' at some of these puppet organs and organizations, given the valuation of my invention patent us 8,910,998 B1. Their ally secretary general is Mr. Antonio Gutteras, must answer for the actions of puppet un, its puppet organs, and puppet organizations.

Old world order, puppet un, its organs, and its organizations are defunct and useless to the world countries, in the context of year 2023. I have defined the New World Order, and the new governance will take over the world governance in near future.

However, given that we are in transition from old world order, to NEW WORLD ORDER, I want the Honorable Court and the respondent to proactively verify and neutralize any negative tactics working against me, India, and Hindus living in India.

For the objective of executing sale agreements described in annexure D.

In the interest of me, India, and Hindus living in India, I intend to execute sale agreements described in annexure D which involves 62 world countries, and hence we must proactively neutralize any negative tactics used by my public enemies and their allies. To neutralize the negative tactics, we must first identify their negative tactics. Then take counter measure to neutralize them. The identification of their negative tactics against me and my invention patent us 8,910,998 B1 involves:

- Identifying if my public enemies, their alliances, including the order takers have attempted filing any frivolous documentation, fabricated documents, to negatively frame me to block the wealth from my invention from coming to me, in any of the courts in India, with Indian judiciary.
- Identifying if my public enemies, their alliances, have used the puppet old world order un, its puppet organs, or its puppet organizations for filing any frivolous documentation, fabricated documents, to negatively frame me to block the wealth from my invention from coming to me.

I request the respondent through their network to identify if there have been such negative tactics attempted by my public enemies. The Indian courts for verification and validation must include Supreme court of India, all High courts of India, Bangalore city civil court, and Family court of Bangalore. For verification and validation, the puppet un defunct and useless organs include united nations secretariat, united nations security council, united nations international court of justice, united nations trusteeship council, united nations general assembly, and united nations economic and social council. For verification and validation, the list of defunct and useless un organizations that are fake and paid for in us-\$, are listed on the 'un' website webpage for its programs and organizations.

Our action to their negative tactics, so as to proactively neutralize them and execute the 62 sale agreements. Give them 'Confront or withdraw' option.

If they have filed frivolous documents, fabricated documents in Indian courts, they must be given a 'Confront Srinivas S. Devathi directly with your allegations in this Honorable High court of Karnataka, in his presence, in front of the Honorable judge' OR 'withdraw your allegations and go back to your country' to choose from. If they have filed fabricated documents, to negatively frame me at one of the puppet un organs or puppet un organizations, Mr. Antonio Gutteras must be given the option 'Confront Srinivas S. Devathi directly with your allegations in this Honorable High court of Karnataka, in his presence, in front of the Honorable judge' OR 'withdraw your allegations and go back to your country.

The above actions by me, the Honorable court, and respondent will ensure we proactively neutralize any negative tactics used by my public enemies and all their alliances within usa, in uk, their order takers, including puppet un, and clear the stage for the execution of 62 sale agreements described in annexure D.

Other negative tactics attempted by my public enemies and their alliances.

- Met all the people, everyone I have known or interacted with from my birth until now; exercised authority on them, abused their ignorance in subjects of intellectual property, bribed them, offered a job or business deal, and attempted to make them tell lies, and fabricated negative stories about me, in an attempt to frame me negatively. This could potentially include any of my acquaintances from school, college days, my family members, or relatives.
- Kol is 'Key opinion leader', a paid group of usa pharmaceutical industry that define what constitutes a disease. My public enemies, and within that johnson and johnson pharmaceuticals usa, and janssen pharmaceuticals usa, have bribed this usa kol team and had them define new frivolous random nonsense diseases, in an attempt to frame me negatively. To this effect, they have drugged me several times, had people act and do drama around me to frame me negatively.
- Given the old-world order monopoly of usd-\$, they attempted to use bribes in exorbitant amounts of 500 Billion, 1 Trillion, 2 Trillion, 3 Trillion, 5 Trillion, 10 Trillion, 12 Trillion, 15 Trillion, 22 Trillion, a number less than the value of Srinivas - Kathi agreement, bribes attempted to be paid in usd-\$ to people or organizations in India, to steal the value of 93 Trillion Earthlings / \$ from me and India. This attempt has failed, since it is bribe money and cannot become legitimate wealth of India. Such bribes will NEVER come into a bank account, and will NEVER be recognized by Honorable court. Will not be recognized by GEC, Global Earthling Council.
- They attempted to forge illegitimate alliance between usa and India, at a value less than the sale price valuation of 'Srinivas - Kathi agreement' valued at 22.5 Trillion usd-\$. This attempt has failed as India cannot cheat 154 PCT contracting states by forging illegal alliance with usa.
- Old world order bribing in usd-\$ by my public enemies listed in this annexure. My public enemies listed in this annexure have attempted to bribe several Indian citizens, Indian organizations in an attempt to steal at least a portion of my wealth.

- They have used bribes in the order of an estimated 50 billion usd of the rouge old world order currency to attack me, frame me negatively, in an attempt to block me from receiving the wealth from my invention, by executing 62 sale agreements upon the orders of the Honorable court.

US PTO and their allies listed in this annexure, put me in a LIFE cage, by imposing External cage, Internal cage, including Brain cage.

US PTO using all the network, alliances, combined usa effort have imposed External cage at me, surrounding my residential address and hacking into all my electronic devises, network used since my invention. Combined with External cage, they have also used the dangerous serum technology to impose Internal cage, including brain cage to put me in a Life cage, where every second of my entire life is tracked, attacked, manipulated, and attempted to be controlled. Since I authored Project Earthling© in year 2019, the Life cage and its grip on my life has slowly, steadily subsided. The Life cage is still there, with Internal cage poison intensities used at low intensity, low potency levels.

This negative tactic is introduced in annexure J. The highest grade technologies used by my public enemies are not identifiable, traceable, to be tagged and reported to the Honorable court by the current day law enforcement. Hence STUN would be one of the early organizations launched by me.

My response to these negative tactics.

Motive to frame me is the wealth created, and the valuation of my invention patent us 8,910,998 B1 at a conservative 93 Trillion Earthlings / \$. With this clearly defined motive, and my excellent academic record credentials, I rubbish and dismiss all such negative tactics attempted to frame me negatively. For the record of the Honorable court and respondent, I am attaching my 10th, 12th, Engineering marks cards, and Degree certificate, which directly rubbishes and neutralizes the negative tactics of my public enemies. I challenge their allegations, and subject them for strict proof, and give them the option of 'Confront me in this Honorable court or withdraw and return to your country'.

Inheritance by way of 'stolen sperm', another negative tactic of my public enemies. For the record of the Honorable court.

Here are various facts and factors for usa, uk, and my public enemies listed in this annexure, to consider stealing my 'semen, sperm' use In-vitro fertilization, IVF technique and have many women in usa, uk to have my biological children, who would come to claim my personal wealth when they turn 18. This is an

attempt to steal or illegally inherit the wealth I intend to bring to India by way of the sale of my invention patent rights, by executing 62 sale agreements one each with each of the 62 countries, cumulating to total conservative sale price of 93 Trillion Earthlings / \$. This negative tactic could be used to illegally claim my 'personal wealth' in future years.

Facts about 'Human Beings'.

- Human skin color cannot be changed.
- Human beings live with the same skin color from birth to death.

So, the only way the human color is expected to change or transition over generations is by inheriting genes of colored people.

I have 'Royal blood lineage'. I am descendent of king 'Krishna Deva Raya'.

Given my last name of 'Devathi' and middle name Satyanarayana, which has 'Raya' in it, usa, uk and my public enemies listed in this annexure, have presumed and concluded that I have 'Royal blood' and I belong to 14th century Indian king 'Krishna Deva Raya' dynasty. My great grandfathers name is 'Krishna Devathi'. My grandfathers name is 'Ramaiah Devathi', who had 14 children. My fathers name is Satyanarayana Devathi. The ancestry geographically links to districts in the current day Andhra Pradesh which was part of Vijayanagar Kingdom. All of these facts have made them conclude that I have royal blood lineage, and usa in particular with no kings, kingdoms of their own have 'severe obsession' on royal genes. The so called rich and powerful in usa, uk want to get the royal genes and in that a popular Indian Hindu King 'Krishna Deva Raya' genetics would be priceless for them.

Despite the belief of my public enemies, usa, and uk, I do not have factual information or documented evidence that I am descendant of King 'Krishna Deva Raya'. Even Indian Government might not have data about this. British, and possibly uk royal family might have some documents related to this.

US PTO and my public enemies listed in this annexure, cut deals with Vindhya Yalmuri, and had her act in the bed, during my marriage to frame me. Vindhya Yalmuri acted in the bed to frame me, and attack my sexual prowess. My divorced spouse Vindhya Yalmuri has taken deals, bribes from my public enemies and attempted to frame me in the bed, kicking under the belt, given her frivolous statements, and lies at the time of our divorce. If she has attempted to frame me negatively in bed, I ask for special court hearing, to demonstrate my sexual prowess, to answer anyone that has attempted to frame me questioning my sexual prowess.

My public enemies listed in this annexure could have fabricated thousands of photos and videos, movies to frame me.

US PTO using all their allies within usa, exercising their authority within usa and bribes within usa could have used advanced digital engineering and editing technologies, to fabricate photos and videos, which are from events that never occurred in my life. Example, advanced photo editing systems, software, technologies, techniques, which must be read as advanced technology to create, fabricate entirely false, lies of photographs in which they can show any person, along with showing the person anyway they want, to frame the target person. Further, Photographic story building is entirely a lie. The same advanced technologies must be extrapolated for fabricating videos, movies, to frame or target a person. They possess advanced digital movie creation systems, software, technologies, techniques, which can show any person in the fabricated movie, doing anything they want the target person to be shown doing. These could be fully fabricated videos, movies, the events of which never occurred in the target subjects life. Unless confronted with me, with any such framing photographs / videos, I request the Honorable court to consider all of them fabricated, lies, and dismiss them.

Pursuit of genetics. Usa and uk want to become colored people.

Given that I am a colored person, dark skin toned person, there is a possibility that many women in usa, uk intended to have children from my sperm. This has potentially hurt the ego of usa, uk men. Since in the old world order, there was no 'International Sperm Bank', usa, uk have resorted to breaking all laws, putting people in life cages, internal and external cages, and manipulate their lives in a way to steal the semen of colored people living in their country and conceive children from the stolen sperm. Usa, and uk are ailed by multitude of problems, with broken and fragmented societies, with very low marital rate and high divorce rate, have stopped having children with stagnant population.

Strongest motive is to inherit wealth, along with combination of other motives.

To steal at least a portion of my invention patent rights wealth from one or more world countries, by having children from my 'semen that is stolen'.

Speculation that most of my public enemies listed in this annexure, for the facts, reasons, factors, motive, mentioned above, wanted to steal my genetics, by that we are talking 'steal my sperm' by any means possible and have children to inherit the wealth, royal lineage, and genetics. By breaking law, entering my house, hotels, they might have stolen my sperm from discarded condoms. There is a possibility that the first families in usa, and many billionaire heiresses in usa have possibly used IVF technique using my stolen sperm to have children.

Mutatis mutandis for first families in uk, billionaire heiresses, or royal or lords families of uk. In the old world order, their plan was to inherit my wealth from my invention patent us 8,910,998 B1 and its worldwide patent rights, while they also inherit my genetics. This plan of my public enemies is possibly successful in having my biological children, however with a failed wealth inheritance plan.

Negative plan of my public enemies.

Was to kill me. Fabricate a sperm donation record in usa. And use that to have many usa citizens turned 18 come to Indian courts and claim my personal wealth. This negative plot of theirs has been terminated by the Macro Reform 'Project Earthling©', my legal statements, annexures, including annexure E.

Legal relevance for me and India not to lose any wealth.

The Honorable court must clearly record the following facts and statements of mine.

- 1) I do not have any children to inherit my wealth. This is stated in annexure E attached with this appeal.
- 2) I have never 'donated my sperm' to any sperm bank in usa or India. So, there are no legal heirs to come and claim my personal wealth.

By using 'In-vitro fertilization technique, IVF' by using my 'stolen sperm' my public enemies listed in this annexure might have created my biological children, however not legal heirs to my personal wealth. I intend to have USPTO provide a 'legal written statement' about their knowledge about my biological children across usa and uk. This statement shall be the legal record which will ensure no one from usa or uk will come to the court in the future, showing a DNA matching report and claiming a portion of my wealth by inheritance rights.

INTERNATIONAL SPERM BANK. ADDRESSES THIS DEMAND. REFER POV 30 AT WEBLINK <https://srinivasdevathi.com/right-perspectives-for-the-world/>.

I deliver 'International Sperm Bank' to address all requirements and demands related to genetics. Usa and uk must look towards the 'International sperm bank' for their future progeny requirements. If they interfere with family lives or men, or women of other countries, they must be dragged to the world court and must be punished with grave consequences, without ruling out death penalty. I refer you to 'World medical law' in POV 2-45, and 'International law at world court' in POV 2-46 at <https://srinivasdevathi.com/right-perspectives-for-the-world/>.

Few other negative tactics used by my public enemies.

Fight between white and colored people to claim the worlds richest man, first and the only trillionaire, me, is one of them.

How I look in the media interactions, in television broadcast of court proceedings, in photographs, and media publications is supposed to be a conflict between the white (usa, uk) caucasian population and the rest of the world, colored people.

There have been attempts to make me look a certain way, in that white. I declare that I am a colored man, align with 191 non-usa, and non-uk countries, and further align with dark and black people, who are the genetic reserve.

Fight between religions to align with me.

I declare that I am Indian citizen. I am Hindu by religion. I am colored person and align with dark and black people of the world. Given this fact set I request that no religions of the world fight to claim that I align with them.

Murder all Devathi.

In the old world order, one of the plans conceived by my public enemies listed in this annexure is to murder all 'DEVATHI'S', to steal my wealth.

Target and end Hinduism.

In the old world order, one of the plans conceived by my public enemies listed in this annexure is to terminate the religion of 'Hinduism' and use 1.2 billion Hindus living in India for various unethical illegal clinical trials, organ harvesting, including heart harvesting to get second lives.

Macro Transformations

By way of my authored Macro Reforms, I have decentralized the world countries. Terminated the rouge 'old world order'. Will be taking Project Earthling© and the 'New world order' live. In this new world order, each country builds their own future. This puts usa, uk, my public enemies, in their place.

I refer the Honorable court to the following weblinks related to MACRO Transformations, and Right perspectives authored by me.

This is the Annexure..... stated in the
Affidavit of... *Srinivas S. Devathi*.....

M. S. BALI AL
Advocate & Notary (Govt. Of India)
Reg. No. 2374, Bengaluru.

IN THE HIGH COURT OF KARNATAKA, BENGALURU
ORIGINAL JURISDICTION

MY PUBLIC ENEMIES AND THEIR ALLIES ATTEMPTING TO ABUSE
THE INDIAN JUDICIARY CPC PROVISIONS OF SECTIONS 75 AND 76,
BY SETTING UP FRIVOLOUS COMMISSIONS TO TARGET ME, IN AN
ATTEMPT TO STEAL WEALTH FROM MY INVENTION.

Any of the public enemies listed in annexure F, and also any of the un-patriotic weak Indian citizens that have taken bribes from any of the listed public enemies, could have gone to the court in their territory, and had the court issue a commission to have a court in Bangalore issue frivolous commissions against me. This could be to target me with malicious intent, by abusing the provisions of CPC section 75, any of its sub-sections subject to be used, abused against me including sub-sections a, or b. Further, by abusing the provisions of CPC section 76, sub-sections 1, or 2, by making courts in Bangalore, to receive commissions while the court issuing the commission could be anywhere in India.

At the source, it could be any of my 'public enemies' listed in annexure F, their Indian offices, including bribe taking 'usa kol, key opinion leader teams' could have attempted to use drugs, poisons to frame me negatively to potentially drive their illogical frivolous fabricated diseases upon me, by using which they have attempted to set up frivolous commissions against me, to 'Examine me' or 'Investigate me'. Here, the motive of usa or uk corporations, pharmaceutical corporations is to target me, frame me and run commissions to their advantage, in an attempt to steal wealth from my invention. This could be to steal patent rights in one or more territories, or wealth from one or more territories.

I request the Honorable court to issue orders to respondent, to communicate to all the courts in Bangalore, which have jurisdiction across the city where I reside, not limiting to High Court of Karnataka, Bangalore city civil court, Family court of Bangalore, Nyaya-Degula Bangalore, Magistrate court, Court for small causes, to verify and validate if there are any 'Commissions that are active and operational', with intent to 'Examine me', or 'Investigate me', by abuse of CPC section 75, any of its sub-sections not limiting to sub-sections a, or b, and also by abuse of CPC section 76, by way of which any court from across India such as Supreme court of India, any of the High courts across India, or any other court, have attempted to issue a commission to 'Examine me' or 'Investigate me' by making courts in Bangalore receive the commission.

I request the Honorable court to issue orders, upon identifying and listing all such frivolous commissions that were issued, received and/or issued by courts

in Bangalore, be 'DISSOLVED' with immediate effect. Or have such a commission confront me with their 'Motive, agenda, intent, objective', so that I could rubbish and prove their fraud, negative intentions, fraudulent intentions, motive to steal my invention patent rights in one or more world territories, steal some of my wealth from my invention, or their negative tactics intended to frame me.

I clearly indicate to this Honorable court that I will be able to prove the negative motive, fraudulent objectives of such frivolous commissions set-up to target me or attack me. The motive of stealing wealth from my invention is very clear to the Honorable court and I shall ensure such commissions are dissolved.

Public enemies listed in annexure F, could have had frivolous commissions issued by or through the Honorable Supreme court of India.

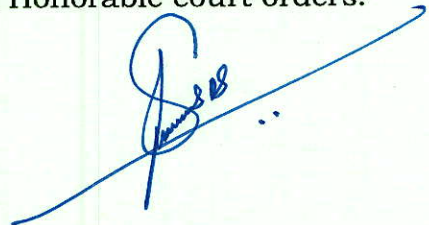

The Honorable court must also record that my invention is directly connected to 62 world countries, and by way of Patent Cooperation Treaty, the legal agreement that is breached by US PTO, connected to 156 world countries, and by way of the Macro Transformation 'Project Earthling©, and the resulting New World Order', connected to all 193 world countries. Given these facts, my public enemies listed in annexure F, have used negative tactics including abuse of CPC sections 75 and 76 in which they have used the Honorable Supreme court of INDIA to receive and issue frivolous commissions to attack me, frame me negatively, target me, destroy me, in an attempt to steal portion of my wealth, or few territory patent rights. In this usage of negative tactic, they have used usa government, uk government, usa corporations, uk corporations, us citizens, uk citizens, possibly bribe receiving India organizations, India citizens, bribe receiving puppet old world order un organs, puppet old world order un organizations to use Honorable Supreme court of INDIA for such frivolous commissions negative tactic.

I request this investigation conducted by respondent and Ministry of Law and Justice, work with the Honorable Supreme court, and in the interest of law, justice, equality, and Patent Cooperation Treaty, by way of their communications with Supreme court of INDIA, generate the list of such frivolous commissions, and have them 'DISSOLVED', or allow them to confront me in this Honorable court.

This exercise of DISSOLVING frivolous commissions will ensure I execute all 62 sale agreements and bring full wealth to INDIA, upon Honorable court orders.

Bangalore

is is the Annexure...^G...stated in the
Affidavit of...**SRINIVAS. S. DEVATHI**
S. BALLAL
Advocate & Notary (Govt. Of India)
Reg. No. 2374, Bengaluru.

APPELLANT (Party in Person)

**IN THE HIGH COURT OF KARNATAKA, BENGALURU
ORIGINAL JURISDICTION**

**PROACTIVE INVESTIGATION TO ENSURE NO FORGING OF
DOCUMENTS HAS BEEN ATTEMPTED BY MY PUBLIC ENEMIES
LISTED IN ANNEXURE F. UPON HONORABLE COURT ORDERS
RESPONDENT TO WORK WITH MINISTRY OF LAW AND JUSTICE**

Intellectual property inheritance law for the record of the Honorable court and respondent.

Intellectual property such as my invention patent us 8,910,998 B1, recognized across 62 world countries by PCT international application PCT/US2014/046619, or for that matter any patent, trademark, or copyright, can only be inherited downwards in the family tree, e.g., spouse and children. Intellectual property cannot be inherited upwards in the family tree, to father, mother, or any other ancestors. Intellectual property cannot be inherited laterally in the family tree, by siblings. Given this fact, I presume no 'medical fraud' was attempted at my father, at any of the hospitals where he was admitted. However, we must legally confirm this by way of investigation.

Investigation to be conducted by the Ministry of Law and Justice, to ensure no forging of documents was attempted at ICU, Intensive care unit, of hospitals.

1. This investigation must happen at four Bengaluru hospitals where my deceased father was admitted before his untimely death. My fathers full name is Devathi Satyanarayana, his date of birth is 17-11-1942 and he died on 1-1-2018. He was fully fit until June 2016. He was disciplined and he was regular with the management of his diabetes and blood pressure. Health wise, he was no different from most of the 74-year old people, elders in India, and within that he was very fit given his discipline.

2. Here is the chronological sequence of his doctor consultations and Hospital admissions.

- a. 21-7-2016: He was consulting Dr. VR Raju in Vijayanagar. Who prescribed him some medication to manage his 'creatinine' variation.
- b. 25-10-2016: He visited Chanre diagnostic in Basaveshwaranagar.
- c. 26-10-2016: Chanre diagnostic report states that he is RA positive. Rheumatoid Arthritis positive. It is a form of bone cancer.

- d. He consulted with a doctor at Kanva diagnostics Rajajinagar.
- e. 15-11-2016: He goes for tests at Padmashree diagnostics Vijayanagar.
- f. 21-11-2016: Padmashree diagnostics report states he has 'Prostrate cancer'. And in that an aggressive one.
- g. Upon consulting Dr. LN Raju, he suggested Laproscopical radical prostectomy. He decided to do the surgery in Sidvin Hospital Rajajinagar.
- h. 04-1-2017 to 11-1-2017: He was admitted to Sidvin Hospital where the Laproscopical radical prostectomy was done by Dr. LN Raju. He was in ICU for two days after surgery with restricted visiting hours.
- i. 19-4-2017 to 24-4-2017: He was admitted to Sidvin Hospital a second time for check up by LN Raju. The discharge catheter continued to discharge blood. In this admission he was not admitted to ICU.
- j. A surgery complication, side effect, Lymph Edema sets in.
- k. 27-4-2017 to 30-4-2017: Due to a sudden drop in blood sugar level, he was admitted to Fortis hospital Nagarabhavi road with consulting doctor being Mrs. Bojamma. His blood sugar level was stabilized and he was discharged. He was in 'Emergency Room' for one day for observation with restricted visiting hours.
- l. 27-5-2017 to 7-6-2017: He was admitted to Fortis Hospital Nagarabhavi road with consulting doctor being Mrs. Bojamma. He was in ICU for few days with restricted visiting hours.
- m. 15-9-2017 to 28-9-2017: He was again admitted to Fortis Hospital Nagarabhavi road with consulting doctor being Mrs. Bojamma. He was in ICU for few days with restricted visiting hours.
- n. In October 2017 for few weeks he was admitted to Shobha Hospital. There is no ICU at Shobha Hospital. Some part of the day he was accompanied by a domestic help brought on hire.
- o. 21-11-2017 to 11-12-2017: He was admitted to Columbia Asia hospital Malleswaram west with consulting doctor Mr. Ravi Kumar. He was admitted to ICU for few days with restricted visiting hours.
- p. 12-12-2017 to 30-12-2017: He was admitted to Shobha Hospital and had a domestic help covering few hours in the day. There is no ICU at Shobha Hospital.
- q. 30-12-2017 to 1-1-2018: He was admitted to Columbia Asia Hospital with consulting doctor Mr. Karthik Rao. He was in ICU with restricted visiting hours.

r. The hospital admissions and discharge summary reports that give the hospital address, along with the admission and discharge dates, are attached with this annexure.

3. I request the Honorable court to issue orders to respondent to work with 'Ministry of Law and Justice' to conduct investigation at all four hospitals:

a. Sidvin hospital, 1031, 20th Main, 5th Block, Rajaji Nagar, Bangalore - 560010, Ph: 080-23505566

b. Fortis hospital, Fortis health management limited, 23, 80 feet road, 2nd stage, Nagarbhavi, Bangalore - 560072, Ph: 080-23014444

c. Shobha Hospital, # 29 & 30, Nagarabhavi road, Opposite Prashanth nagar bus stop, Vijayanagar, Bangalore - 560040, Ph: 080-23359107, and

d. Columbia Asia hospital, 26/1, Brigade Gateway, Beside Metro, Malleswaram west, Bengaluru - 560055, Ph: 080-39898969;

and legally confirm that 'No legal documents were executed by my deceased father' on all the dates, periods of admission to these hospitals, and while he was in ICU with restricted visiting hours. This is to legally confirm that misusing the medical condition of RA which results in the person not being able to sign, no papers were executed by anyone by using forced fingerprinting, at any of all four hospitals, while he was sleeping in room or at ICU which have very strict visiting hours. The investigation is to legally confirm that no unlimited finger printing was done on blank papers, say 1000'S of them for later use or abuse. No Legal documents must ascertain that no legal documents were executed by using the POA - Power of Attorney given to my father by me and my divorced spouse dated 1-1-2009, also attached with this annexure. The investigation must also confirm that no 'Legal statements' were recorded from him by using medical force. And that no 'Death time statements' were recorded by police, lawyers, magistrate, or judge.

4. According to the 'Intellectual property inheritance law' stated above, it cannot be inherited upwards in the family tree. So, there is nothing anyone could legally extract out of my father by forcefully executing finger-printed documents or taking legal statements by medical force, according to law. This investigation by respondent and Ministry of Law and Justice, is to legally confirm the same. I request the Honorable court to issue orders for this investigation, for legal verification and validation to me and the court, that no illegal fraudulent forging work was done at any of these Hospitals. Outside of these Hospital admission dates, my father was at our house, and I spoke to him daily, and if he did want to execute any legal papers he would have done so while at home.

I have attached the following documents along with this annexure for the investigation requirements. All the relevant medical reports of my fathers hospital admissions and the 'Power of attorney' document dated 1-1-2009 given to him for 'a purchase deal' by me and my then spouse Smt. Vindhya Yalmuri.

Who could have accessed ICU'S of these hospitals?

Any of my public enemies, all their alliances including order takers listed in annexure F, could have accessed ICU of these hospitals to forge documents. Given the old world order authority, puppet un, named usa executives, in particular johnson and johnson usa, and janssen usa could have accessed ICU at these hospitals. The public enemies could have used any of the bribe taking Indian citizens to also forge documents in the ICU of these hospitals. Given that USPTO has access to white house presidents, this is a possible negative tactic.

Investigation report and LEGAL action.

If the investigation results in positive criminal action, if proven that forging was done, I request the Ministry of Law and Justice to take the appropriate legal criminal action against the hospital owners, doctors involved, ICU staff, and where leads are available to the source criminals in my public enemies.

This investigation must happen to ensure:

- No documents were forged during these hospital admissions, including ICU admissions which have restricted visiting hours, 30 minutes in 24 hours.
- If there was forging of documents, by forced finger printing in drugged state, the investigation must retrieve every last page of the forged documents and take necessary legal action against the perpetrators.
- TO EXECUTE THE 62 SALE AGREEMENTS DESCRIBED IN ANNEXURE D, AND BRING THE FULL WEALTH INTO INDIA AND BUILD OUR NATIONAL TREASURY IN EARTHLINGS CURRENCY. THIS INVESTIGATION WILL ENSURE, NO PORTION OF THIS WEALTH IS STOLEN BY MEDICAL FORCE.

Date of Admission	: 15-Sep-2017 01:32 PM	Room/Ward	: 211 LEVEL 2 - NURSING S
Date of Discharge	: 28-Sep-2017	Referred By	: BHOJAMMA
Treating Doctor	: I. Dr. BHOJAMMA M N M.B.B.S, M.D. (INT MED)	Unit	: INTERNAL MEDICINE

Final Diagnosis

Description :

- PAN GASTRITIS (H PYLORI INFECTION) WITH ANAEMIA WITH HYPOPROTEINEMIA WITH FLUID OVERLOAD STATUS
- RHEUMATOID ARTHRITIS

Chief Complaints

Mr. Satyanarayana D aged 75 years patient brought to ER with the h/o swelling of whole body associated with decreased intake of food since 1 week
No h/n fe ver, cough , dysuria, loose stools, pain abdomen
H/o tolerating only liquids as he is not able to swallow the solid food

Note: GRBS- 320mg/dl

Past History

K/C/O DM/ HTN/ RA
S/P RADICAL PROSTATECTOMY

Physical Examination

- GPE: MODERATELY BUILT AND NOURISHED
- TEMP: 98.7°F
- BP: 130/70mmHg
- PULSE: 86/min
- RR: 18/min
- CVS: S1S2+
- RS: B/L CREPTS+
- PA: SOFT, NON TENDER +, MILD DISTENSION +
- CNS: GCS- 15/15
- EXTREMITIES: B/L SWELLING + IN BOTH LOWER LIMBS

 Age : 75 Years 1 Months 13 Days
 Sex : MALE
 Blood Group :
 Ward /Rm /Bed No. : MICU / MICU / 1042

DATE AND TIME OF ADMISSION : 30/12/2017 4:26:00PM

AGE / SEX : 75 / MALE

DEPARTMENT : CRITICAL CARE

DATE AND TIME OF DEATH : 01/01/2018 4:15:00AM

ATTENDING CONSULTANT : DR. KARTHIK RAO

REFERRALS : DR. VEERABHADRA GUPTA

: DR. FIROZ TORGAL

ADMISSION DIAGNOSIS :

Severe Sepsis with Shock

CAUSE OF DEATH :

Severe Sepsis with Multiorgan Dysfunction

CO MORBIDITIES :

Diabetes mellitus, Hypertension, Severe AS, LV dysfunction, Rheumatoid Arthritis

BRIEF CLINICAL NOTE :

Mr. Satyanarayan who was apparently well till today morning , had sudden onset dyspnoea with generalized weakness , was initially taken to a outside hospital where he was evaluated , found to be hypoxic and hypotensive , intubated and resuscitated there and shifted to CARHY for further care. On arrival to ER he was found to be still in hypotensive state, acidotic, resuscitated with fluids, started on antibiotics, initiated on inotropes sent for blood investigations. His earlier urinary catheter was changed to silicon one, Pus was noted in the catheter immediately after insertion which was sent for C/S. CXR was done, Cardiology evaluation done with Echocardiography, shifted to ICU for further management.

LAB , RADIOLOGY & OTHER REPORTS IF ANY :

ENCLOSED

COURSE AND EVENTS DURING THE HOSPITAL STAY AND TERMINAL EVENT :

On arrival to ICU he was connected to ventilator, continued inotropic support. He was in pulmonary edema a diuretic was given, arterial line was secured. His Urine output was minimal with ABG showing severe acidosis with High lactate. Patient's son was counseled regarding his clinical status, Multi-organ dysfunction had set in with Liver dysfunction, Renal Failure, Pulmonary edema in the background of preexisting poor cardiac status (Severe LV dysfunction+ Severe Aortic Stenosis) due to Urosepsis and poor prognosis was explained. Nephrologist was consulted and initiated on Emergency Hemo-dialysis after insertion of HD catheter; SLED was performed for 6-8 hrs overnight. Acidosis improved briefly after SLED, but by afternoon of 31/12/2017, Patient continued to deteriorate with tumbling BP and increasing inotropic support with both NORAD+ADRENALINE. Urine output remained very poor and acidosis continued to worsen, HD couldn't be performed as his hemodynamics was very unstable even after being on high dual inotropic support. Family was informed regarding the same. Patient had cardiac arrest at 03:50AM of 01/01/2018, CPR was started, Inj Adrenaline boluses given multiple times, inspite of all the efforts put in he couldn't be resuscitated and declared dead at 04:15AM.

Death ICD :

**IN THE HIGH COURT OF KARNATAKA, BENGALURU
ORIGINAL JURISDICTION**

**MY PUBLIC ENEMIES LISTED IN ANNEXURE F, IMPOSED EXTERNAL
CAGE, INTERNAL CAGE INCLUDING BRAIN CAGE, THE
COMBINATION IMPOSING LIFE CAGE AGAINST ME FOR 17 YEARS.
CONTRIBUTION TO STUN IS INLINE WITH PCT PREAMBLE.**

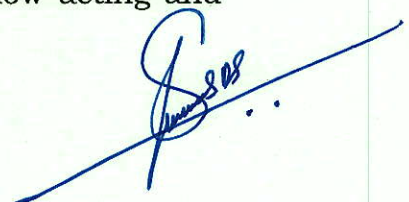

My public enemies listed in annexure F imposed EXTERNAL CAGE on me for last 17 years.

Limitations of current day law enforcement capabilities in INDIA. The police department, do not have the technological capability to identify, recognize the existence of nixon technology, usage of micro nano bugs, spyware, to impose external cage at people, families, offices, government offices, etc. Current day law enforcement do not possess the technology to identify and tag the electronic devises hacked and used at the operating system level. There is no easy method to get all your surrounding homes investigated to check them for usage of multi mode see through imaging and recording devises, which are capable of multi mode imaging and multi mode recording of all human organs and brain regions. There are no technological capabilities to dismantle nixon technology usage at homes, offices, in cars, or diagnose electronic devises, cumulatively to dismantle external cage.

Hence the prayer points to conduct the necessary investigation to ensure 'External cage' is eliminated, or contained, until I execute the 62 sale agreements upon the orders of the Honorable court. STUN must be established. STUN will build and have all the technological capabilities to terminate 'External cages'. STUN will facilitate identification, tagging evidence, dismantling, and reporting external cages to the Honorable judiciary.

My public enemies listed in annexure F used 'Serum package technology' imposed INTERNAL CAGE which includes Brain CAGE on me.

Limitations of current day law enforcement capabilities in INDIA. The combined efforts of police department, FSL, Forensic Science Lab, Doctors to conduct tests, and fssai, do not bring the necessary technological capability to identify the chemical formula or molecular structure of a counter molecule, poison, and our technological capabilities are no where near recognizing 'serum technology usage, that can package thousands of counter molecules for slow acting and

slow delivery of poison to target subjects'. There is no technology to identify serum packages in food packaged or sold in restaurants. There is no technology to identify the chemical formula, molecular structure of even one out of the estimated 20,000 counter molecules, poisons, possessed by my public enemies, and further these poisons could be wrapped in layers of wrapper molecules, packaged into rouge serum technology poison packages and dispensed into food across INDIA, targeting 1.2 billion HINDUS, and attacking the religion of HINDUISM.

The combination of External and Internal cages will impose LIFE cage at target subjects.

STUN will facilitate identification of usage of serum technology, tagging evidence, reporting counter molecules poisons with molecular structure, and chemical formula, terminating internal cages, including brain cages to the Honorable judiciary. STUN will end life cages, external cages, internal cages and brain cages, introduced in this annexure, and will be capable of reporting all of these with tagged evidence to the Honorable judiciary. This STUN technology will be made available and accessible mutatis mutandis to 190 other world countries.

The Honorable court must record that without this contribution to science and technology, and building the necessary technology, the lives of 1.2 billion HINDUS, existence of religion of HINDUISM are at risk. Mutatis mutandis risk for 9 billion citizens across 190 world countries. My contribution of wealth for organizing STUN, is inline with PCT preamble, 'contributing to the progress of science and technology' in INDIA.

Since Q1-2007, I am in a 'Life cage'.

My public enemies listed in annexure F, were leaders of the rouge old world order. They have access to some advanced technologies to surround a persons life, 24 * 365, to track all his life activities, and record every second of his life, and in fact go on to manipulate and engineer the outcomes of his daily activities, by exercising power and bribing people where possible. Eagle eye, Nixon technology, Nano technology, and 'advanced all body organ and brain activity imaging equipment' have surrounded me since the last 16 years. They possess 'Multi mode all body, all human organs imaging and recording devises'. They also possess 'Multi mode brain imaging and recording devises'.

Advanced 'Brain activity imaging and recording devices' used at me for 16 years.

My public enemies listed in annexure F, have surrounded me all sides of my house, hotel stays, wherever I travel, everywhere, on flights, at airports, and continuously monitored and recorded all my activity, each body organ activity, and brain activity.

With 16 years of brain 'color coded' recorded film, which could be paused at any activity up to a second, to get specific image at that instant, they have attempted to read my mind, anticipate, record, and document my thoughts, which means they are trying to steal my thoughts, ideas, or control my mind.

Recording and reading 'Brain activity'. How does it work?

With 16 years of brain activity 'color coded' film, they would map every activity of my life, at a particular second, to the paused brain image at that second, or instant. This gives them full data on my brain activity of when I am talking, walking, reading, working, sleeping, driving, authoring, and list all activities a human being does over a span of 16 years. For all the activities of my life, there is a corresponding multi-color coded brain image. The colors in the brain image are baselined to data, and cross referenced with the medical, pharmaceutical information they have on brain regions and their functions. By drugs and serum technology, they believe they can recreate a certain brain image activity again whenever they want. So the brain images become recorded data and can be used by data analytics, to replicate activities, evolving into controlling human beings thoughts.

Comparative study of 'Brain images' between people across cities and countries.

A standardized, exact same lens must be used for brain images comparative study across test subjects nationally, and internationally. My public enemies have attempted to compare 'my brain activity' with that of 1000'S of my generation males in India, in the cities of Bangalore, Delhi, Mumbai, and Hyderabad. Further, they have attempted to compare 'my brain activity' with that of select 1000'S of subjects across usa, and uk. They want to separate what makes me so unique, different, inventive, and genius.

They have gained significant control on human brain regions and thoughts, only to attack the brain functions, brain abilities, diminish brain functions and destroy drugfree brain performance. This is a threat to all future generations and the technology must be countered.

POV 11, POV 19, POV 24, POV 2-45, POV 2-46 and POV 2-48, at the weblink <https://srinivasdevathi.com/right-perspectives-for-the-world/> are relevant to

this annexure. I introduce life cage, internal cage, external cage, Nixon technology in these POV'S.

Investigation to be conducted by respondent by working with Ministry of Law and Justice, upon Honorable court orders.

Investigation must 'Digitally sweep and search, dismantle and destroy' the following devices. Search and screen to identify every electronic devise that is present in these houses and owned by these people. Identify and dismantle all electronic equipment, electronic gear, thermal imaging devises, listening devices for eves-dropping, and visual devises to look into private space of neighbors. These houses must be 'digitally swept' for the presence of Nixon technology, its nano-renditions, lowest decibel sound hearing, recording devises, thermal imaging devices, multi mode all body organs imaging and recording devices, and multi mode 'brain activity' imaging and recording devices.

While I was tracked and followed continuously, all across the world, in usa, in India, for last 17 years, the investigation and 'digital sweeping' must happen at my residential address in Bangalore, in the interest of the 'Execution of 62 sale agreements'.

My residential address.

I request Honorable court orders to respondent to work with 'Ministry of Law and Justice' to investigate four houses around my residential address '63, 11th B Cross, 3rd Main, Prashanthnagar, Bangalore - 560079' to verify for the presence of such equipment, devices listed in the above section, retrieve and destroy them.

My immediate neighbors that must be investigated include four houses with the following addresses.

- a. 62, 11th B Cross, Prashanth nagar, Bengaluru - 560079
- b. 64, 11th B Cross, Prashanth nagar, Bengaluru - 560079
- c. Tenant Prasad living in my house building, in first floor rental portion.
- d. 77, 11th A cross, Prashanth nagar, Bengaluru - 560079

The investigation must continue to identify who is financing the people staying at these houses, and working against the interests of me and India.

Investigation report and LEGAL action.

'Right to privacy' is a constitutional right, a fundamental right of Indian citizen. There is no existence of 'privacy law' in usa, if one exists, it is absolutely abused and run over by the rouges, public enemies listed in annexure F. If this investigation results in positive devices capture, and proof of privacy invasion, I request the Honorable court to take legal action, applicable criminal action against the occupants of these houses. Obviously, they got these high technology devises from my public enemies, and hence I request the Honorable court issue orders for further investigation on the subject to punish the source, public enemies listed in annexure F.

This investigation must happen to ensure:

- No one is tracking my personal life, daily activity, and attempting to manipulate my life and work.
- No one is following my daily activities and relaying information to foreigners in usa, uk, or any other country, which constitutes anti-India work.
- TO EXECUTE THE 62 SALE AGREEMENTS DESCRIBED IN ANNEXURE D, AND BRING THE FULL WEALTH INTO INDIA AND BUILD OUR NATIONAL TREASURY IN EARTHLINGS CURRENCY. THIS INVESTIGATION WILL ENSURE, NO PORTION OF THIS WEALTH IS STOLEN BY PRIVACY INVASION.

I Request Honorable court orders for appointing 'Twelve member, all Hindu Indian Military unit' until all 62 sale agreements are executed.

A twelve member all Hindu Indian Military unit, to provide security until all 62 sale agreements are executed, in a non intrusive way. Respondent to work with Defense Ministry to identify this team and introduce them to me. The twelve member Military unit will be at my address and spread across the city, e.g., at the Honorable court, and few places I travel within Bangalore to run errands, and few restaurants I visit to consume food.

The military unit, team Leader should have the authority to increase the team size, depending on the 'physical security' requirements over the upcoming months. After the execution of the 'Srinivas - Kathi agreement' described in annexure D, and its 'worldwide press release media conference', there will be a significant spike in the number of people who will attempt to meet me, talk to

me, contact me, ask for my autograph, photograph with me, or my interview. The military unit should be able to barricade the premises at my residential address for security reasons, when the situation demands. The leader of the military unit must have direct contact with Defense Minister and Army General.

There is a possibility of significantly large number of people, crowds gathering at my residential address. My mother lives at the same address. A photocopy of her aadhar card is attached with annexure E. I request the Honorable court to extend physical security to my mother until the 62 sale agreements are executed.

I refer the Honorable court to the following weblinks where some of the details including definitions of serum technology, all forms of cages are accessible.
